MEMORANDUM FOR THE RECORD

SUBJECT : Concurrence in Amendment No. 1 to Contract No. SC-45-12  
with The Perkin-Elmer Corporation, Project [REDACTED]

25X1A2d1

1. This memorandum contains a recommendation submitted for approval of the Project Director. Such recommendation is set forth in Paragraph 5.

2. Contract No. SC-45-12 provides for the modification and overhaul of sixteen Mark I Tracking Cameras necessary to convert the cameras into Mark II Tracking Cameras for Project AQUATONE. The contract limits the parts to be replaced in the overhaul of the cameras; however, it has been found after overhaul of five cameras that considerable additional parts will be required. Amendment No. 1 has been drawn, therefore, to provide that the Contractor shall furnish all parts, except castings, in the overhaul work and shall furnish a total of three spare parts kits.

3. Amendment No. 1 to Contract No. SC-45-12 obligates an additional \$18,100 chargeable to Fiscal Year 1958 AQUATONE funds. By concurrence to this memorandum the Project Comptroller signifies that sufficient funds are available for this additional obligation.

4. Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956, which in effect results in all 10(b) expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 10(b) of Public Law 110, 81st Congress, for each contract.
